

EstroFree¹⁰⁰[®]

CYNANCHUM WILFORDII, PHLOMIS UMBROSA & ANGELICA GIGAS

THE NOVEL NON-ESTROGENIC & SAFE SOLUTION FOR MENOPAUSE

MENOPAUSE, A BOTHERSOME CONDITION

- The typical age of menopause is between 40 and 61 with an average of 51 years old.
- About **85% of menopausal women report at least one of the symptoms** of menopause.
Percentage of women affected by menopausal symptoms:

MENOPAUSE, A UNIVERSAL CONCERN

- It is predicted that the **total number of postmenopausal women in 2030 will be approximately 1200 million** and the proportion of those living in the developing world will **increase to 76%**.
- One Million international study reported the **increased link between Hormone Replacement Therapy (HRT) and severe side effects** such as strokes, venous thromboembolism, coronary heart disease, invasive breast cancer, etc.

WOMEN'S EXPECTATIONS

The quality of life and intimate life are so adversely affected by menopausal symptoms such as hot flashes and vaginal dryness, that **CONCERNED WOMEN NEED A HIGHLY EFFECTIVE, SAFE & NATURAL SOLUTION TO COPE WITH THIS CONDITION.**

ESTROFREE-100[®], OUR NOVEL NON-ESTROGENIC & SAFE SOLUTION FOR MENOPAUSE

NATURAL & PATENTED

EstroFree-100[®] is made of a patented standardized blend of 3 botanical extracts: *Cynanchum wilfordii*, *Phlomis umbrosa* and *Angelica gigas*. These plants have been used for more than 400 years in Asian folk medicine.

NON-ESTROGENIC & SAFE

EstroFree-100[®] has shown a lack of affinity to both alpha- and beta-estrogen receptors *in vitro*, thus confirming the **non-estrogenic mode of action**. EstroFree-100[®] does not present any side effect.

CLINICALLY PROVEN

EstroFree-100[®]'s efficacy has been proven **in 3 high-standard clinical studies** (randomized, double-blind, placebo-controlled) on about **200** women.

GLOBAL SOLUTION

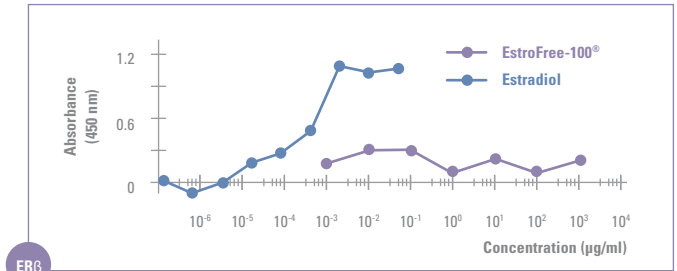

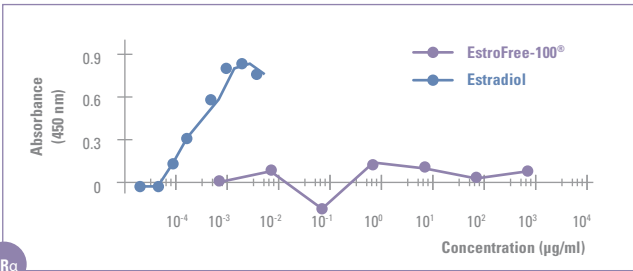

EstroFree-100[®] **significantly alleviates all most common menopausal symptoms** including hot flashes (-62%) and vaginal dryness (-54%).

ESTROFREE-100®, THE ESTROGEN-FREE MODE OF ACTION

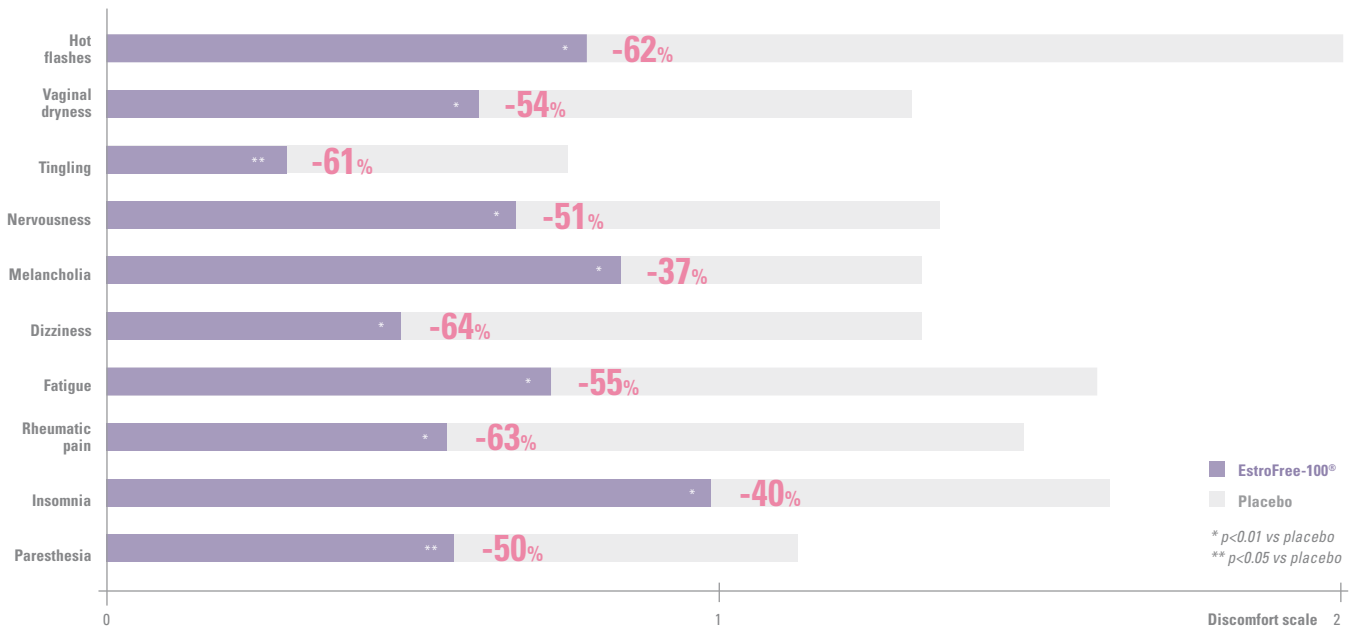

Extensive Good Laboratory Practice toxicity studies have shown that **EstroFree-100® does not induce any hormonal activity or hormonal effect.**

Dose-dependent curve of estradiol and EstroFree-100® to alpha- and beta-estrogen receptors (ER)

ESTROFREE-100®, THE CLINICALLY PROVEN SOLUTION

COMPARISON OF MENOPAUSAL SYMPTOMS SCORES AFTER 12 WEEKS OF ESTROFREE-100® SUPPLEMENTATION (n = 61)

- All menopausal symptoms were significantly decreased in women taking Estrofree-100® vs the placebo group.
- The Kupperman menopausal index was improved by **54%** after 6 weeks & **62%** after 12 weeks of supplementation.
